Brain dominance

DISCOVER & DEVELOP

Left Brain Dominance : Analytical brain, more inclined towards self aware, logical thinking, fine motor skills based activities, language & grammar and may have a hidden love towards nature. These people are generally good in academics. They have convergent thinking and can bring their energy and focus at one point. They prefer to respond to verbal instructions. They like to solve the problems by looking at the parts of things. They are able to locate the differences in similar things easily. They are more planned and structured. Prefer multiple choice tests. They have the ability to control their feelings and emotions. They like Building blocks, puzzles, word forming, problem solving, crosswords etc.

Right Brain Dominance : Creative brain, more inclined towards interpersonal skills, imagination, gross motor skills activities, music, colors, pictures, dance, art, rhythms, acting, painting, modeling, fashion, outdoor sports etc. They are generally good in extra curricular activities, primarily creative ones. They tend to throw the rules out of window. They have divergent thinking which is full of creativity and ideas. And they are often lost in their own ideas, thoughts and world. They may be physically present, mentally absent. Right brain people prefer to respond to demonstrated instruction. They like to solve the problems by looking at the problem as a whole. They are able to draw the whole picture in their mind easily. They are more intuitive and work upon feelings. Their emotions and feelings have no limits, and they generally come out.

BALANCED	Balanced person uses Head and Heart in appropriate conditions and have complete control of everything precisely.
LEFT BRAIN ORIENTED	Left Brain Oriented. You would use more logic and be practical. Driven by head. You would not be affected by emotions
RIGHT BRAIN ORIENTED	Right Brain Oriented. You would be more emotional and spiritual. Driven by heart. Not materialistic.

- ▶ Daydreaming

Personality & Behavior

DISCOVER & DEVELOP

Dr. William M. Marston was a psychologist and an antropologer who after studying thousands of human behaviors and their personalities, developed the concept of DISC profile. It divides the human personalities into 4 categories i.e. Dominant, Influential, Steady & Compliant. DISC profile has been in use for many years for multiple purposes like sales, marketing, management, HR, alliances etc.

HIGH ASSERTIVENESS

DOMINANT

Eagles are dominant, stimulated by challenge decisive and direct, Eagles can be blunt/stubborn can lose sight of the big, picture and can be insensitive to other people's needs. Eagles are natural achievers.

INFLUENCE

The peacock loves to talk & enjoys being the center of attention has enthusiasm and is happy & optimistic. Peacock can be accused of talking too much, and aren't good with detail or time-control

HIGH RESPONSIVENESS

COMPLIANT

The owl is logical, mathematical minded, methodical and seen as a perfectionist The owl can be slow to make decisions and inflexible if rules and logic says otherwise. Owl are not big risk takers but love detail.

LOW RESPONSIVENESS

STEADY

The dove is people-orientated loyal, friendly, hard working and a great team player but tends to avoid change. confrontation, risk-taking and assertiveness.

LOW ASSERTIVENESS

My Personality is : DOVE

My Thinking Types

My Thinking Style is **Affective**

Visual Learner

Rank

1

44.58%

DISCOVER & DEVELOP

Characteristic

- Visual learners learn best by seeing.
- They like to read silently.
- They enjoy visual stimulation, color, vivid imagery.
- Relate most effectively to written information.
- They can remember faces but forget names.
- They notice visual effects in movies.
- They enjoys watching TV, movies etc.
- They like to study alone and quietly.
- They follows written instructions & directions.
- They have to think a while before understanding lecture.
- They are good at reading and spellings.

Study Tips

- Use imagination power to remember facts and lines.
- Provide written instructions and ask them to read carefully.
- Avoid group discussions, they prefer one to one study.
- Watching audio-visual for study purpose.
- Make outline of everything you study.
- Copy what's written on the board.
- Convert the linear text or passage in the form of diagram & then study.
- Make web notes rather than linear notes.
- Sit in the front of the class where you can see your professor's facial expressions & body language.

Best Test Type

Diagraming, reading maps, essays (if you've studied using an outline), showing a process note etc.

Worst Test Type

Oral test, listen and respond test etc

Auditory Learner

Rank

3

16.87%+1X

Characteristic

- Auditory learners learn best by listening.
- They like to read out loud.
- They are not afraid to speak in class.
- They like oral reports.
- They are good at explaining things.
- They can remember names easily.
- They notice sound effects in movies.
- They enjoy music.
- They read slowly.
- They are good at grammar and foreign language.
- They follow spoken directions well.
- They can't keep quiet for long periods.
- They are good listener & speaker.

Study Tips

- Use word association to remember facts and lines.
- Provide oral along with written instructions.
- Include whole group discussions.
- Watching audio-visual which compliment the written test.
- They take longer time to read passage, so give them sufficient time to read.
- Repeating facts with eyes closed.
- If possible, record the study material, and listen to it frequently.
- Allow them to listen to music while studying, specially maths or science.
- Repeat facts with closed eyes.

Best Test Type

Auditory Learners are good at writing responses to lectures they've heard. They're also good at oral exams.

Worst Test Type

Reading passage and writing answers about them in a timed test.

Kinesthetic Learner

Rank

2

38.55%

Characteristic

- Kinesthetic learners learn best by doing.
- They like to read along with walking or moving
- Respond while practically doing things rather than listening/reading.
- They are generally good at sports/ outdoor activities.
- They can't sit still for long.
- They are generally not good at spelling.
- They notice action & body moves in movies.
- They enjoy dancing while listening music.
- They tap a pencil/foot while studying.
- They like adventure books or movies.
- They like physics, chemistry, biology lab or a mechanical workshop.

Study Tips

- Use practical/doing approach to teach them.
- Teach them through different activities.
- Teach them in a short blocks rather than in a stretched session.
- Use role plays while teaching them.
- Use flash cards to memorize.
- Allow them to walk while studying.
- Ask them to hold the book in their hands while reading.
- Sit near the door or else, where they can easily get up and move around.
- Illustrate your ideas by drawing maps, diagrams, graphs, tables.

Best Test Type

Short definitions, fill-ins, multiple choice or participate in practical exam rather than written or viva

Worst Test Type

Long tests, essay, written test, written description etc.

Type of Quotients

DISCOVER & DEVELOP

IQ

Intelligence Quotient

Linguistic + Logical

10.59% + 1X

Rank 5

Intelligence Quotient: IQ measures your general ability to solve problems and understand concepts.
